treeferral Program Details

treeferrals was designed by veritree to create a community of tree-loving businesses, working together to save our beautiful planet. Thank you for your interest in being part of this journey.

How Does it Work?

As a treeferral member, trees will be planted on your behalf when **you refer qualified businesses**. 1 referral leads to 300 real, verified referral trees added to your custom Impact Hub. 5 referrals leads to 1,500 incremental trees planted (1,800 trees total), and 10 referrals means 3,000 incremental trees planted (4,800 trees total).

Furthermore, your efforts will be celebrated with a special **treeferral Digital Badge** that will live on your Impact Hub and can be used in your communications, socials, or any other marketing materials.

To mark your progress, you will receive a new badge for each milestone reached:

1 referral =
Sapling Sponsor

5 referrals =
Leaf Legend

10 referrals =
Arbor Ambassador

If your referral successfully joins veritree as a corporate partner, **you'll get rewarded with an additional 100 trees for each \$1,000 USD invested** by the new corporate partner. veritree's minimum partnership deal size is \$5,000 USD per year.

Added Benefits

You'll receive content and resources to make spreading the word easy

Establish yourself as a changemaker and nature ally

Join a community of like-minded organizations (webinars, lunch & learns, and more)

Ready to Join?

Reach out to us today at treeferrals@veritree.com or [sign up now](#).

veritree was created to provide transparency throughout a restorative project's lifecycle to ensure its impacts are real, measurable, and meaningful.
