

FOR IMMEDIATE RELEASE

British Columbia Hotel Association Partners with ECNG Energy to Offer Comprehensive Energy Solutions

Vancouver, BC – February 26, 2025 – The British Columbia Hotel Association (BCHA) is proud to announce a strategic partnership with ECNG Energy. This collaboration introduces an exclusive energy program designed to provide BCHA hotel members with aggregated pricing for natural gas, utility management, and water management support. BCHA is taking the lead in offering this valuable program to its members, providing them with access to practical, cost-saving energy management solutions.

Empowering Hotels with Energy Management Solutions

Paul Hawes, President and CEO of the BCHA, expressed excitement about the new offering:

"As the advocate for British Columbia's accommodation industry, BCHA is committed to delivering practical and innovative solutions for our members. This partnership with ECNG Energy is a perfect example of how we're working to grow our members' businesses and provide real savings through energy management. By leveraging aggregated pricing and expert guidance, we can help our hotel members improve their operations and reduce energy costs."

Upcoming Webinar for BCHA Members

To ensure members are fully informed about the benefits of this energy program, BCHA will be hosting a special webinar for hotel owners and operators. This session will provide insights into the key aspects of the program, including how to understand the trusted energy program, budgeting for energy costs, analyzing consumption patterns, and even how to read and interpret energy bills. This webinar is a valuable opportunity for members to learn how to leverage this program for maximum impact.

Expanding Support Across Canada

Paul Weingartner, Director of Client Services of ECNG Energy, highlighted the company's commitment to the hospitality industry:

"After working closely with the Ontario Restaurant Hotel & Motel Association, we're excited to bring the same level of energy management support to BCHA hotel properties. Our goal is to remain the go-to resource for trusted energy solutions, and we're thrilled to partner with BCHA to help their members achieve significant savings and operational efficiencies."

About the British Columbia Hotel Association

The BCHA is the advocate for the interests of BC's diverse accommodation industry. We act as a bridge for hotel owners and operators to government, the corporate community, and other hospitality organizations. Our goal is to grow our members' businesses while elevating the accommodation industry's impact on the BC economy. We strive to deliver innovative, trustworthy solutions and reinvest the value we create back into our members.

About ECNG Energy

With over 30 years of experience, ECNG Energy is Canada's largest and longest-standing provider of energy management solutions for commercial, industrial, and institutional markets. The company offers a holistic approach to end-to-end energy management, helping clients achieve high value through strategic energy procurement, utility management, and water management services.
